Chenab Nagar (Correspondent) The secretary of communication and the in charge of Khanka Sayyed Nafees UI Hassania Makkia, Qari Muhammad Rafique Nafeesi said in his interview to journalists that Jews are responsible for the attack on Makka Mukarama. Missile attack is not only shameless but also an attack on the believes of Muslims. He urged Muslims to gather at one platform to counter the conspiracies. Hossis, the rebels have proved themselves as the enemies of Islam.

None of the Muslims can launch an attack on Holy place. It has been cleared to everyone that Hossis do not have any relation with Islam. Protection of Harmeen Sharifeen is a primary responsibility of every Muslim. Qadianis who hold key official posts are weakening the country. Hossis might have the strong relations with Qadianis. Hossis must remember the end of Abra.

Accursed Assia must be hanged on urgent basis. Qadianis must be dismissed from all key posts.

Annual Khatm e Nabuwat conference concluded with the prayers. Scholars said in their addresses that the faith of Khatm e Nabuwat is a part of belief. None of the sects harmed Islam as much as Qadianiat. It is our bad luck that Qadianis have occupied official posts due to the negligence of government. Several factors are affecting important decisions. All religious institutes are targeted while real terrorists who patronize terrorism are ignored. Western forces have become active to save accursed Assia Masih. Scholar's demands of including affidavit of Khatm e Nabuwat in admission forms and restoring the section of religion in national identity card are not false. We believe in making Qadianis abide by the constitution and preventing them from using any Islamic symbol. All of their institutes and movements must be banned. In reality, section of religion is common in all identification documents worldwide. It is evident to take an action against Qadianis who keep dual nationalities as they are striving to convert country into secular and non religious state. Scholars urged to implement Islamic punishments as per the recommendations of Islami Nazrayati council.
